## Disciple Questions

### Breaking Ground

1. \* How has singing played a role in your spiritual development?
  
2. \* Can you recall an example of a memorable occasion where you enjoyed singing in church? What about that event made an impact on you?

### Digging Deeper

3. Read Ephesians 5:15-21; Colossians 3:16; Acts 16:25. Based off these passages, what are the benefits of singing for Christians?
  
4. Read Ezekiel 33:30-32. In Ezekiel, the Lord explains when singing is done wrong. According to these verses, when is singing bad? Are there Sundays you are more like the Israelites in Ezekiel than the Christians in Paul's letters? Why or why not?

\* Are you quick to assess the music in your church by style, performance, and stage, or by the quality of the congregation's singing?

### Get Growing

5. \* What is your desire for the singing in your church?
