Discipleship Questions

Breaking Ground

1. *Can you recall your earliest memory of singing? How did it make you feel?
2. *What do you experience during congregational singing – feelings like joy, fear, self-consciousness, freedom, etc.?

Digging Deeper

3. Josh shared this Sunday how all humans are created in the image of God. Being created in God's image means there is intrinsic value and worth for all humans. In Psalm 8, David wrestles with the implication of this in his own life. What does he conclude about God and our value/worth in this Psalm?
4. Psalm 139: 13-14 reminds us of the value of life. Read all of Psalm 139. God created us but he knows us fully: sins and all. When the Creator of the Universe knows you like the Psalm says, how does that change how you worship on Sunday morning?

Get Growing

5. *What kind of "practice" might your church do to help members feel more confident, less self-aware, and more engaged in hymn singing?

*These questions are reprinted and used by permission from B&H publishing.
